Sir:

REQUEST FOR RETURN OF INITIALED FORM PTO/SB/08A

An Information Disclosure Statement was filed in this application on July 6, 2006. Due to an apparent U.S. Patent Office scanning error, although the documents supplied with the Information Disclosure Statement were properly scanned into the record for this application, the IDS letter and art listings were not scanned in. Attached hereto is a copy of the July 6, 2006 Information Disclosure Statement letter and art listing. Also attached is a postcard receipt evidencing the filing of the Information Disclosure Statement. Clearly the documents filed on July 6, 2006 were accompanied by the IDS letter or else it would not have been possible for U.S. Patent Office personnel to identify which application record those documents were to be uploaded to. It is also noted that the Information Disclosure Statement of July 6, 2006 included the required certification so that no fee was due with that Information Disclosure Statement. It is respectfully requested that the Examiner now acknowledge consideration of the references submitted with the July 6, 2006 Information Disclosure Statement by initialing and

dating the art listing and returning a copy of the same to the undersigned. If anything further is required or if there are any questions regarding this request, please contact the undersigned at the number indicated below.
